

# CSH Symposium 2017

by Prof. Dr. Kevin Heng, CSH Director  
(20th Dec 2016)

<sup>b</sup>  
UNIVERSITÄT  
BERN

CSH  
CENTER FOR SPACE AND  
HABITABILITY

The CSH and Bernoulli Fellowships are the flagship programs for the CSH to attract the best, young, dynamic postdocs to carry out their research programs at the University of Bern and its international partners. The annual CSH Symposium is the stage for the candidates of these Fellowships to deliver their job talks and be interviewed by the CSH Steering Committee. It is a showcase of the talent we wish to hire. In 2017, the CSH Symposium occurs on **12th Jan 2017 (Thursday)** in **Room #101** of the **Main Building** (Hauptgebäude; Hochschulstrasse 4) of the University of Bern.

Time	Name of Candidate	Expertise
08:45-09:00	Welcome Address by CSH Director	
09:00-09:30	Sean Mills (Chicago)	photodynamics, celestial mechanics
09:30-10:00	Jens Hoeijmakers (Leiden)	high-resolution spectroscopy of exo-atmospheres
10:00-10:30	<b>Coffee Break (provided by CSH)</b>	
10:30-11:00	Russell Deitrick (Seattle)	habitability, astrobiology
11:00-11:30	Laura Mayorga (New Mexico)	Jupiter as an exoplanet, direct imaging
11:30-12:00	Dan Bower (ETH Zurich)	geophysics of planetary interiors, plate tectonics
12:00-13:00	<b>Lunch Break (provided by CSH)</b>	
13:00-13:30	Daniel Paardekooper (Leiden)	astrochemistry, experimental planetary science
13:30-14:00	Luca Matra (Cambridge)	exo-comets and debris disks
14:00-14:30	David Wilson (Warwick)	exo-comets and debris disks
14:30-15:00	<b>Coffee Break (provided by CSH)</b>	
15:00-15:30	Graham Lee (St. Andrews)	climates of gas giants
15:30-16:00	Nestor Espinoza (Chile)	ground-based exoplanet astronomy
16:00-16:30	Diego Munoz (Israel)	disk dynamics
18:00 onwards	<b>Dinner</b> (candidates, CSH Fellows, CSH faculty and SC only)
